## SUITABLE FOR PRESENTS.

### VENICE: its History, Art, Industries, and Modern

LIFE. By CHARLES YRIARTE. Translated by F. SITWELL. Imperial 4to, with Sixty-nine Full-page  
Plates, and upwards of 400 smaller Illustrations, price £2 12s. 6d.

"The publishers and printer have neglected nothing to make their share of the work worthy of M. Yriarte's learning  
and industry, and the translator has Englished the book to admiration."—*Saturday Review*.

"A brilliant collection of sketches and engravings, and the letterpress is equally attractive."—*Athenaeum*.

"The whole subject, in all its relations, is admirably well epitomised by M. Yriarte, who writes with the feeling  
of a critic warmly touched with sympathy for art and poetry, and gifted with all that felicity of expression which  
Frenchmen, especially when speaking about art, have made their own."—*Times*.

"There is no sort of art, either of the graphic or the plastic kind, which M. Yriarte has not found capable of yielding  
tokens of the genius of the Venetians, or of the glories of their annals. As we have already pointed out in illustration of  
this spirit, even the old knockers of the Venetian palaces have furnished sketches that have a value and a significance.  
The result of this spirit is that, whereas in most other works on Venice architecture is almost the sole feature, in this it is  
but one of many features. In the present volume, the fine arts, including sculpture and engravings, typography, mosaic  
work, medals, costumes, the office of the Doge, official ceremonies, glass work, and lace, furnish contributions, most of which  
are beautiful in themselves, and interesting in connexion with the author's text."—*Daily News*.

**THE BOY'S FROISSART.** Edited, with an Introduction, by SIDNEY LANIER. With Illustrations by Alfred Kappes. 1 vol., crown 8vo, cloth extra, 7s. 6d. [Just ready.]

This is one of the best books for boys that could well be devised. It is an edition of the famous *Chronicles of Froissart*—the great treasury of those stories which have been the delight of boys for centuries. Mr. Lanier has simply rid the text of dry passages and left the narrative in the vigorous English of an old version. He has prefixed an admirable Introduction; and not the least attraction of the volume will be the capital and striking Full-page Illustrations which Alfred Kappes has furnished for it, and in which he has caught the very spirit of the *Chronicles*.
